

## MASTER OF ARTS IN EDUCATIONAL TECHNOLOGY AND ONLINE LEARNING (MAETOL)

### WHY OUR PROGRAM?

With the growing need for educators skilled in online teaching technologies, the Master of Arts in Educational Technology and Online Learning (MAETOL) program prepares you to develop and administer online programs, enhance student learning and improve the efficiency of an organization. With an infusion of applied professional studies in educational technology, online learning, educational leadership and curriculum development, you will be ready to join the next generation of educational technology leaders.

As a graduate of MAETOL, you will have gained competencies critical to personal and professional growth and gain important leadership skills that employers greatly value.

### JOIN THE NEXT GENERATION OF LEADERS IN EDUCATIONAL TECHNOLOGY

The Master of Arts in Educational Technology and Online Learning (MAETOL) degree program prepares you to become a leader and practitioner in educational technology and online learning. From pre-school to college, through corporate training and continuing education, you will learn how to develop curriculum and create and administer online programs for a variety of learners.

The MAETOL program is designed to give you a solid foundation in both relevant academic theory and best practices so you can make an immediate impact in your educational organization. Based upon your career objectives, you can also personalize the curriculum sequence to closely match your individual goals.

### PROGRAM ADVANTAGES

- ▶ Gain exposure to foundational concepts and highly applicable skills that meet the needs of educators in the 21st century
- ▶ Learn best practices in the creation and delivery of online courses for a variety of students, from pre-K to college
- ▶ Acquire innovative and workable solutions to highly complex challenges in the contemporary educational environment

"I have worked as a K-12 computer technology teacher in both Catholic and charter school environments. Because TESU courses were fully online, I was able to manage my time judiciously, working full time, taking the Provisional Teaching Courses to complete my N.J. Alternative Route to Teaching certificate and my Thomas Edison course work in the evening. My experience at TESU has been one of professional development and achievement and has allowed me to pursue my dream of making education accessible and better for everyone."

Edward Robinson, MAETOL '15
