THOMAS EDISON STATE UNIVERSITY
New Jersey Student & Parent Consumer Information Act Report

The *New Jersey College Student and Parent Consumer Information Act* (P.L. 2009, Chapter 197) requires each New Jersey four-year public institution of higher education to provide on its website certain information regarding its costs, faculty, and graduation rates. This report includes Thomas Edison State University's information as required under the Act.

Data for all New Jersey four-year public institutions of higher education are available on the NJ Office of the Secretary of Higher Education's website:

<http://nj.gov/highereducation/ConsumerInfo.shtml>.

THOMAS EDISON STATE UNIVERSITY

Institutional Summary

Established in 1972, Thomas Edison State University provides distinctive undergraduate and graduate education for self-directed adults through flexible, high-quality collegiate learning and assessment opportunities. The University is one of New Jersey's senior public institutions of higher education and was granted university status by the New Jersey Secretary of Higher Education in December 2015. Thomas Edison State University is the only university in New Jersey dedicated exclusively for adults and offers degree programs at the associate, bachelor's, master's and doctoral level as well as undergraduate and graduate certificates.

For nearly five decades, the University has pioneered the use of the latest technologies to develop high-quality educational programs for adults and has served as a national leader in the assessment of adult learning. The New York Times called Thomas Edison State University "the college that paved the way for flexibility."

The entire academic program at the University revolves around the unique needs of adults. Students earn credit through a variety of methods designed exclusively for adult learners, including online courses, guided independent study, examination programs and professional and/or military training. Adult learners also earn credit by demonstrating college-level knowledge acquired outside a traditional classroom and by transferring credits earned from other regionally accredited institutions. Thomas Edison State University makes it possible for adult students to pursue their education without sacrificing their personal or professional responsibilities.

THOMAS EDISON STATE UNIVERSITY

Mission & Purpose

Mission

Thomas Edison State University provides distinctive undergraduate and graduate education for self-directed adults through flexible, high-quality collegiate learning and assessment opportunities.

Purpose

Thomas Edison State University was established as Edison College in 1972 by the State of New Jersey and chartered by the New Jersey Board of Higher Education. The University was founded for the purpose of providing diverse and alternative methods of achieving a collegiate education of the highest quality for mature adults. To this end, the University seeks:

- I. To provide curricula and degree opportunities of appropriate level and composition consistent with the aspirations of our students, the public welfare, and the highest qualitative standards of American higher education.
- II. To create a system of college-level learning opportunities for adults by organizing collegiate and sponsored non-collegiate instruction into coherent degree strategies.
- III. To make available educationally valid learning opportunities which serve as alternatives to college classroom study and which are appropriate to the varied needs and learning styles of adults.
- IV. To develop and implement processes for the valid and reliable assessment of experiential and extra-collegiate college-level learning, and to provide appropriate academic recognition for knowledge so identified consistent with high standards of quality and rigor.
- V. To serve higher education and the public interest as a center of innovation, information, policy formulation and advocacy on behalf of adult learners.
- VI. To fulfill the public service obligation inherent to American institutions of higher education.
- VII. To conduct its affairs in a manner which acknowledges the maturity, autonomy, and dignity of its students; assures a portal of access to higher education for adult learners; and celebrates the values, diversity and high qualitative standards of American higher education.
